CUSTOM FIBERGLASS
IWP® Aurora™ Exterior Doors
All door glass in this catalog was photographed with an amber background for visual distinction. All glass is clear decorative glass, not amber.

This catalog includes comprehensive information about our IWP Aurora doors. For more information on JELD-WEN® windows and doors, call 800.JELD-WEN or visit www.jeld-wen.com.

DOORS: A1202 MAHOGANY WOODGRAIN RADIUS TOP, CASHMERE FINISH, OPTIONAL 1-3/4" ROUND CLAVOS IN DARK PATINA
The visual richness of wood. The solid heft of wood. The unique character marks of wood. IWP® Aurora™ Custom Fiberglass exterior doors reflect all these characteristics. For homeowners in harsher climates, they also offer something no wood exterior door can—low-maintenance durability. They’re engineered to withstand the rigors of any climate, whether hot or cold, wet or dry. So these doors are more than remarkably beautiful. They’re persistently reliable.
DOOR: A1202 KNOTTY ALDER WOODGRAIN, RADIUS TOP, CASHMERE FINISH, OPTIONAL SPEAKEASY AND BORDEAUX GRILLE IN DARK PATINA
With their unique charm, it’s no wonder that door designs in this collection are some of our most popular. They are crafted to reflect the timeless enchantment and visual warmth of Old World aesthetics, so they’re sure to enhance new and existing homes alike. These doors are available in a beautiful range of stain colors, hardware and decorative accents, as well as glass inserts that can be customized with different designs, glass types and caming. To review these options, please see pages 44-47.

AUTHENTIC OPTIONS

We created options with our Old World Collection door designs especially in mind. They enhance the visual appeal of any design, while giving the door an architecturally authentic look. A sampling of these options are shown here. Please see pages 44-47 for the full range.

Speakeasies
For door designs with speakeasies, we offer a range of grilles to highlight this distinctive feature.

Antique finishes
Especially ideal for our Old World designs, these finishes provide an aged look that enhances the woodgrain’s pattern.

Distressing
This technique brings out the door’s character marks for a charming, rustic appearance.

Clavos
Select clavos for the look of bolt heads used in Medieval and Renaissance architecture. They have a handmade look.

Straps
These accents have a hand-forged look, which adds character to a door’s rails, corners or radius components.
Perfectly complement a Craftsman, Shaker or Mission style home with the authentic designs in this collection. These designs include many of Craftsman architecture’s defining features, including bold, clean lines with simple flat panels and non-profiled sticking. Options include architecturally inspired shelves, various woodgrain stain and paint surface colors and glass inserts created from your choice of designs, glass types and caming. To review these options, please see pages 44-47.

DOOR: A412 MAHOGANY WOODGRAIN, SEQUOIA FINISH, L GLASS (CLEAR BEVELED, CLEAR WATER, GLUE CHIP), BRASS CAMING
Add a sense of elegance to any home with a door from this distinctive collection. These versatile doors are designed to complement nearly any architectural style, from Colonial to Contemporary. And each one can be enhanced with your unique choice of options. This selection includes various woodgrain and paint surface colors and decorative glass inserts that can be personalized with a range of designs, glass types and caming. To review these options, please see pages 44-47.

We offer two different types of patio doors, each with their own brilliant beauty. Our new folding door systems operate accordion style, which means each section slides on an overhead track and neatly folds away for full access to the indoors or outdoors. Many IWP Aurora Custom Fiberglass door designs can be incorporated into this system. We also create one of the most superior fiberglass SDL patio doors in the market. Each one of our SDL patio doors features a true divided lite appearance that requires virtually no maintenance, and they come in designs to match or coordinate with our exterior doors.

All glass in IWP patio doors is clear. Frosted and Low-E glass is available.

NOTE: Variances in photography and printing may cause finish colors shown in this catalog to vary from actual finish.

Folding door hardware

For security, our folding door systems feature key-locking drop bolts, along with night latches and mortise locks (or hook latches, depending on the configuration). Standard hardware finishes include Brushed Stainless Steel and Brushed Bronze. Optional finishes are also available. The sill is a low-level bronze anodized combination for ease of access.
Folding door configurations

The exterior folding door systems we create are truly customizable, because they’re available in several configurations, ranging from two to eight leaves (depending on the opening width). Special order options include door heights of up to 10’. We offer widths up to 48’ (for doors opening from the center with a properly engineered header).

- Sequoia
- Mocha
- Cashmere

* Not all designs are available in every woodgrain.

NOTE: Variances in photography and printing may cause finish colors shown in this catalog to vary from actual finish.
Paint surface options
For a smooth, versatile appearance, select one of our paint surface colors. These options are available for any IWP Aurora Custom Fiberglass door design. Along with the standard paint surface colors shown here, we can match any paint color you select; simply provide us with a 4"x 4" paint sample or a Sherwin-Williams® paint number.

Antique finishes
We offer antique finish colors for our door designs. This look is achieved through a multistep process that begins with applying a base stain for basic, overall color. Next, a dark brown or black stain (depending on the base color) is applied between the mouldings, panels and character marks, which highlights these areas.

Distressed texture
Doors in our Old World Collection are available with a distressed surface texture, which gives the doors an aged appearance. To create this texture, we apply random wormholes and additional character marks to the door’s stiles, rails, panels and mouldings. To accentuate these marks, we recommend Knotty Alder woodgrain and an antique finish.
Glass types

We offer a wide array of glass types, and each one offers its own attractive texture, pattern or color. This glass will not only enhance your chosen doors, sidelights and transoms, but also add radiance to your entire home. Select any glass type for our glass designs for a more personalized appearance. To see additional glass options, visit [www.jeld-wen.com](http://www.jeld-wen.com).

*Available as tempered glass, single glazed

Caming

In any glass design, caming is the metal bonding material that fuses individual glass pieces together. This assembly is done by hand, using your choice of Brass, Polished Zinc or Patina caming. Glass with Brass or Polished Zinc caming is triple glazed to protect the finish.

Glass with Patina caming can be either single or triple glazed.

1. Polished Zinc  
2. Brass  
3. Patina

Decorative metal accents

With decorative metal accents, our Old World Collection doors have an especially charming appearance. These accents include corner, rail and radius straps; diamond and round clavos; door, sidelight and speakeasy grilles in various grille patterns; and a door knocker with an aged look. Each one is available in either Rust Patina or Dark Patina.

*Our decorative metal accents are available in either Rust Patina or Dark Patina. Not all designs are available in every woodgrain option or size. NOTE: Variances in photography and printing may cause finish colors shown in this catalog to vary from actual finish. 1/4” clear tempered glass standard on all speakeasies; also available with insulated glass.

Clavos

1-3/4” Round Clavos, Dark Patina*
1” Round Clavos, Rust Patina*
1-3/4” Diamond Clavos, Dark Patina*
1” Diamond Clavos, Dark Patina*

Entry locksets

Visually appealing lock hardware is available for any of our entry doors. This hardware is created with only the finest materials, and it’s available in a range of styles for either right-hand or left-hand doors. Each lockset includes an exterior escutcheon plate, mortise lock, interior escutcheon plate, and your choice of knob or lever for the interior (depending on the model).

Georgica, Brass only
Mission, Dark Bronze Patina
Tudor, Brass only

Rocky Mountain, White Bronze with Light Patina
CREATING LONGEVITY

Every IWP® Aurora™ Custom Fiberglass door begins as two detailed fiberglass skins, which are created in molds made from our IWP Custom Wood doors. These skins are made with our exclusive Strata™ Technology, which incorporates multiple layers of resins, tinted resins, base colors and reinforcing materials for greater structural strength. Next, the skins are adhered to engineered wood frames with our exclusive core materials and bonding agents that permanently lock the skin to the frame. The skins are not only durable, but also authentic in appearance.

The core
In the fiberglass door industry, our PolyMicro Foam Core technology is a first. It not only gives each door a dense, solid feeling, but it also prevents the skin from delaminating (due to the unique core material). The core is permanently bonded to the skins and frame, so it becomes an integral part of the structure, which keeps the doors from warping.

Prefinishing
For lasting beauty, each door is made with the Permalane prefinishing system. During this comprehensive process, layers of specially formulated grain filler and UV-protective stain coats are applied. These stain coats are encapsulated in the final protective top coat, which is created to withstand extreme environments. Our skilled artisans control airflow, temperature and humidity throughout the entire process for an exceptional finish that will protect and enhance the beauty of our doors.

6. Internal metal shadow bars
7. Clear insulated glass
8. Raised moulding

DOOR: A1322 MAHOGANY WOODGRAIN, CARAMEL FINISH, OPTIONAL 1 3/4" ROUND CLAVOS IN DARK PATINA
SIMPLY COMPLETE

IWP Insignia® Door System
All IWP® Aurora™ Custom Fiberglass doors are available prehung with the IWP Insignia Door System. This complete package ensures the smoothest installation. It includes all the necessary components, including solid hardwood or composite jambs, mouldings, weatherstrip, concealed-bearing hinges (available with optional decorative hinge tips) and your choice of three sill colors. All parts are precision-machined for a correct fit and a hassle-free installation.

*Hardwood jambs and mouldings in the IWP Insignia Door System are covered by the IWP 5-year warranty. Composite jambs and mouldings are covered by the IWP lifetime warranty. See the complete warranty on page 52.

Hinge options
Our solid brass concealed-bearing hinges are available in four different finishes, so you can choose one to match or complement the other hardware for your door. If you select Oil-Rubbed Bronze, please note that its appearance will change over time.

Decorative tips
For added character, select our decorative hinge tips. They’re available in three shapes, and each shape comes in any of our hinge finish colors.

Hardwood entry system

- Aluminum with Polished Aluminum Finish
- Aluminum with Brass Finish
- Aluminum with Bronze Finish
- Solid Oak and Mahogany (No Warranty)
Our warranty to you

JELD-WEN® IWP® Custom Doors grace the entrances and passages of exquisite homes throughout the world. Our designs, artisanship and exemplary service have earned JELD-WEN® a reputation as the world’s finest door maker. This warranty is effective for IWP® Custom Doors manufactured by us on or after August 1, 2005, for use in the United States and Canada. Any previous warranties will continue to apply to door products manufactured by us prior to this date. For additional information, including care and maintenance, installation and finishing instructions, contact us or refer to www.jeld-wen.com.

What this warranty covers

We warrant our products below will be free from defects in materials or workmanship from the date of purchase for the time periods specified below.

Limited Lifetime Warranty Aurora® Doors and Component Parts: We warrant our Aurora® Door for five years. If our product is proven to be defective after the first five years, we will offer for purchase a replacement Aurora® Door product or component part for 50% off the then current JELD-WEN list price.

Limited Five Year Warranty on Aurora® Factory Prefinish: We warrant the factory prefinish on our Aurora® Door for five years. Should the factory prefinish be proven defective, we will at our option replace the door or pay up to $350.00 to the current owner.

Limited Five Year Warranty on IWP® Custom Wood Doors and Component Parts: We warrant our IWP® Custom Wood Doors for five years.

One Year Limited Warranty on IWP® Custom Wood Door Factory Prefinish: We warrant the factory prefinish on our IWP® Custom Wood Doors for one year. Should the factory prefinish be proven defective, we will at our option replace the door or pay up to $250.00 for an interior door and up to $350.00 for an exterior door to the current owner.

How to get assistance

If you have a problem with your JELD-WEN IWP Custom Door, immediately upon discovery contact the distributor or dealer from whom you purchased our product, or contact us directly:

Mail: c/o Warranty Claims
7365 Mission Gorge Road, Suite G
San Diego, CA 92120
Phone: 619.229.6700
Fax: 619.229.1150

We can respond quickly and efficiently if you provide the following: a) date and location of purchase, b) how to contact you, c) the address of where the product can be inspected, and d) a description of the problem and the product (photographs are helpful).

What we will do

Upon receiving your notification, we will send out an acknowledgement within three business days of receipt to the contact identified. We will investigate your claim and take appropriate action within 30 days of receipt of notification. If it is determined that our product does not have a defect covered by the warranty, we may charge an inspection fee for an onsite inspection that is required or requested by you. If it is determined that there is a defect, we will either repair the door or ship a replacement door to the distributor or person making the warranty claim in the same condition of fitting or finishing as the door originally sold to the distributor. If we are unable to provide replacement and repair is not practical or cannot be made timely, then we will refund the purchase price. This guarantee gives you specific legal rights, and you may have other rights that vary from state to state.

If the claimed nonconformity is warp, we may defer repairing or replacing the door panel for a period up to twelve months from the date of claim. It is not uncommon for a temporary warp condition to occur as the door panel adjusts to local humidity and temperature conditions. This deferral will not be counted against the warranty period.

What this warranty does not cover

We are not liable for:

• Warp for any 3’6” wide by 8’0” high by 1 3/4”, or smaller door panel, which does not exceed 1/4” in the plane of the door panel itself, door panels wider and/or higher are not guaranteed for warp, warp, bow, misalignment, splitting, or shrinking caused by the natural tendencies of the wood for any door manufactured with a wood species not part of IWP’s standard offering.

• Normal wear and tear, including normal wear and tear of weatherstrip; and natural weathering of surfaces or variations in the color or texture of the wood or finish; surface checks that are less than 1/32” in width and/or 2” in length; Knotty Alder: surface checks that are less than 1/8” in width and/or 5” in length, and knot placement, quantity, or size.

• Problems due to misuse, abuse, failure to follow the care and maintenance instructions; failure to provide an adequate overhang (See Homeowners Manual for IWP Appropriate Exposures or consult your dealer if you have questions); or as a result of any cause beyond our control (e.g., fire, flood, earthquake, other acts of nature, and acts of third parties outside of our control).

• Problems related to: improper finishing of all surfaces (front and back) and edges (top, bottom, and sides) of the door system (See Finishing Instructions in Homeowners Manual); variation or unsatisfactory results in sheen or texture resulting from the field application of paint or any other finishing material; damage caused by extreme temperature buildup where storm doors are present.

• Bow or misalignment in the frame or jamb in which the door panel is hung (if such is purchased from IWP unmachined and not prehung); problems related to water and/or air infiltration due to improper assembly or installation, and structural integrity issues or problems caused by improper fitting of the hardware or sizing of the panel.

• Discoloration or rusting of decorative metal accent options, such as grilles, clavos, straps, etc.; solid oak or mahogany sill that is provided by us; or hardwood or inserts that are not provided by us, such as locksets, door handles, strikes, etc.

• Cost for labor, installation, removal or refinishing (other than stated above) of the replacement door or component.

• Damage or poor product performance resulting from installation into a condition that exceeds product design standards and/or certified performance specifications and/or does not comply with applicable building codes.

• Slight expansion or contraction due to varying environmental conditions; panel movement (shrinkage) of 1/4” or less due to temperature and humidity. Consult your Homeowner’s Manual on how to work with this natural movement.

• Incidental or consequential damage. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this may not apply to you.

IMPORTANT LEGAL INFORMATION

This Warranty sets forth our maximum liability for our products. We shall not be liable for special, indirect, consequential, or incidental damages. Your sole and exclusive remedy with respect to any and all losses or damages resulting from any cause whatsoever shall be as specified herein. We make no other warranty or guarantee, either express or implied, including implied warranties of merchantability and fitness for a particular purpose to the original purchaser or to any subsequent user of the product, except as expressly contained herein. In the event state law precludes exclusion or limitation of implied warranties, the duration of any such warranties shall be no longer than, and the time and manner of presenting any claim thereon shall be the same as, that provided in the express warranty stated herein.

No distributor, dealer or representative of JELD-WEN has the authority to change, modify or expand this warranty. This warranty extends to the original purchaser (original purchaser means the contractor/distributor/purchaser and the initial owner of the structure where the product is initially installed) and is not transferable. The original purchaser of this product acknowledges that they have read this warranty, understand it and are bound by its terms and agrees to provide this warranty to the original owner of the structure into which the product is installed. Should state or provincial law preclude no transferability, then the warranty period is effective five years from the date of initial purchase for doors and one year from the date of initial purchase for the factory prefinish.
